## 1. Scope of Work:

The scope of work under this contract briefly include measurement of all the activities/ projects undertaken and completed by BRBNMPL under CSR Scheme in and around its areas of operations at Bengaluru and Mysuru in Karnataka and Salboni Dist. Paschim Midnapore in West Bengal for the year 2020-21. This broadly include the following objectives:-

- Visit the project sites for continuous evaluation / impact assessment study / measuring of social returns from the activities / projects completed in that financial year.
- Identify actual beneficiaries and the deliverables created and suggest future Target Audience and deliverables to be created for new CSR interventions.
- Mapping outcomes through co-ordination with stakeholders clearly defining the input and output.
- Measurement of short term, medium term and long term social returns.
- To obtain all documents from beneficiaries/agencies and from BRBNMPL as required for Internal/External and Statutory Auditors.
- To collect the stakeholder feedback.
- Implement, examine, evaluate, assess and review the CSR projects carried out by BRBNMPL for the following:-
  - a) Its effectiveness and relevancy
  - b) Economic, Social, Environmental Impact of the projects is to be ascertained and Social Returns from the projects are to be measured.
  - c) Submit Audit Report for each project.
- Suggest schemes/projects under CSR to enhance the social returns.
- Examine compliances with the Companies Act, 2013 amended from time to time.

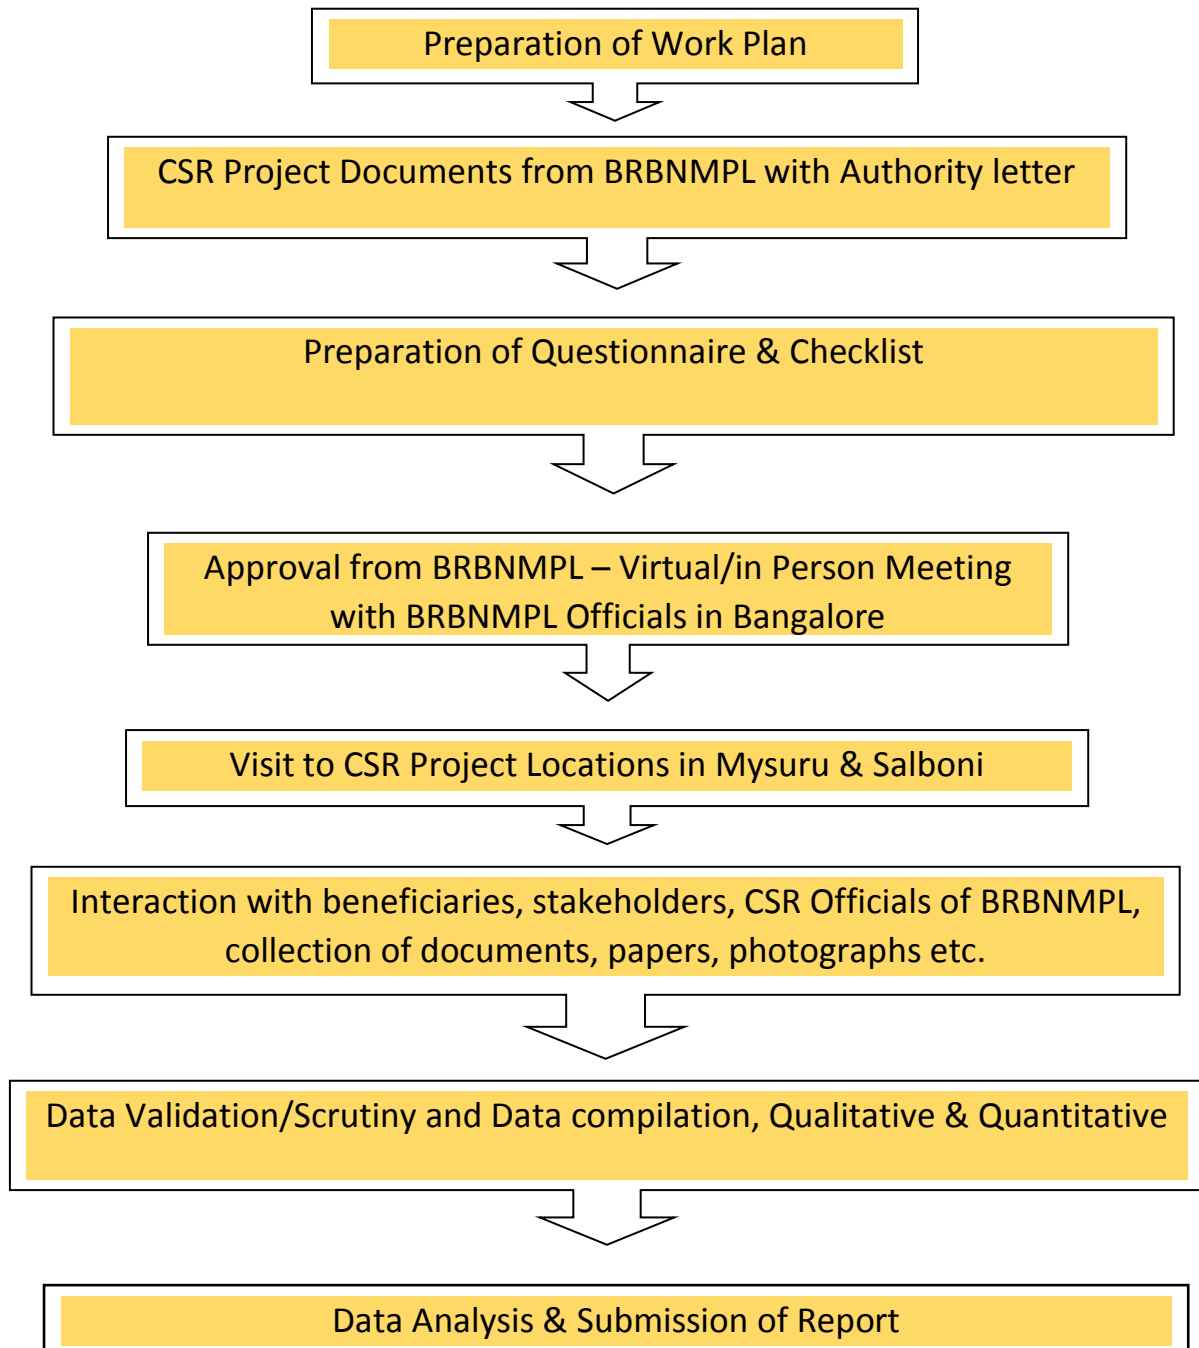

## 2. Objectives of the Impact Assessment Study / Measuring of Social Returns:

Sr.No.	Assessment Criteria	Assessment Questions
1.	Relevance	Did the overall goal match needs of the project area? Did the project baseline data correctly address needs of the area?
2.	Efficiency	What outputs were achieved and whether they were according to the plan? Was the implementation schedule as planned? Was the project cost within planned limit? Was the fund utilization prudent?
3.	Effectiveness & Uniqueness	Did the outputs help achieve the goal? Did the project have any unique features? Comparing the inputs to the extent of goals achieved, can project implementation be considered to be effective? Can the project be replicated?
4.	Impact	What were the various tangible and intangible positive and negative impacts (socio-economic, Environment, Policy, Technology and Awareness) on different stakeholders of the project?
5.	Sustainability	Would the impacts created by the project sustain? Considering the present course of project, is the project sustainable? If not, what modifications and corrections need to be done with project execution methodology?

## 6. Visit to Project Locations &amp; Observations:

A	Hygiene & Health Care, Sanitation & Drinking Water	Rs. In Lakhs
1.	Supply of Medical equipment (like ventilator, Multichannel monitor etc. to Salboni Hospital to combat Covid 19.	Rs.16.63

- We visited this project on 21<sup>st</sup> March, 2023 along with the concerned officials from BRBNMPL. We met Mr. Anupam Maity, Manager of the Hospital. The medical equipments like ventilator, multichannel monitor were donated originally to Salboni Hospital.
- Since sufficient were already available at Salboni hospital these equipments were later transferred to Debra Hospital on 23.5.2021. These equipments have not been used and lying unutilized and are as good as brand new as the Covid 19 cases declined substantially. This was after 2<sup>nd</sup> wave of Covid 19.
- Debra Hospital is now constructing a new 40 bedded ICU Unit where these equipments will be used. The civil construction of Debra Hospital is almost ready but completion of ICU Unit is not yet decided.
- This project was done during Covid 19 pandemic period at the request from District Magistrate and Chief Medical Officer of Health, Pashchim Midnapore district for providing these equipments.
- However, during procurement of these equipments the Covid-19 case declined and luckily number of infected patients also came down drastically. These life-saving medical equipments can now be utilised by the hospital management as per their requirements and needs as these equipments are already donated to the hospital.
- SROI for this project is not satisfactory and they could not be used effectively since Covid 19 cases dropped significantly after installation of these equipments at the hospital.
- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 3 - Establish Good Health and Well-Being.
  - Very useful and need based particularly when Covid 19 was at peak

----	---	-------------------

- We visited this project on 14<sup>th</sup> March, 2023 along with the BRBNMPL officials at Ramkrishna Mission, Garbeta, Sharda Ashram Mayer Bari.
- Yag laser and SLT combo machines were given to Shree Sarada Ashram, Mayer Bari and Ramkrishna Ashram, Garbeta for performing eye operations.
- It is estimated that roughly 263 patients have received eye treatment at both these places together. Additional operations were conducted at a nominal charge for the patients depending on their ability to pay.
- Medical and sanitation kits were also distributed to students of 8 schools in the year 20-21. Both the projects were successful in achieving the objectives.

- The project is need based and improves health and living conditions of the needy & rural poor beneficiaries and as such eligible for CSR Funding.
- SROI for this project is assessed at 2.27 which is rated as Very Good.
- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 3 - Establish Good Health and Well-Being.
  - Very useful and need based particularly for senior citizens, women and school girls.

3.	Water cooler cum purifier for 07 Schools (Biswasuk SS, Kashmar RSS, Khasla Indumati HS, Joypur S.T. & S.C. HS, Anandpur Girls HS, Debagram Mahadeb H.S., Kalshibhanga Deshbandhu H.S.)	Rs.6.15 lakhs
----	--	---------------

We visited following 3 schools out of the 7 where CSR funding has been made by donating water filter cum cooler and text books. We observed that the project has been successfully completed. Some of the School Head Masters have given request for their additional requirements which can be considered on case to case basis. This is a need based project and eligible for funding under CSR. Out observations for the 3 schools covered by us are as under:-

**a) Khasla Indumati High School:**

- We visited this High School on 13.3.2023 and met Mr. Arun Kumar Biusoi, Head Master of the said school. He as very cooperative and gave all the information as may be required by us. At the outset he thanked BRBNMPL for their generous support for distribution of school books and also installing a water filter cum cooler at this school.

- There are 900 students in this school studying 5<sup>th</sup> to 12<sup>th</sup> standard. The students from 14 villages spread across the nearby areas attend this school regularly.
- The school has been donated with text books and water filter cum cooler. The school did not have water filter before. All the students are using this water filter cum cooler every day.
- The Head Master of the School has requested for CSR funding of construction of class rooms which is under way. This may be considered, if possible.

**b) Kalshibhanga Deshbandhu High School**

- We visited this project on 21.3.2023 and met Mr. Debabrata Duari, Head Master of the Kalshibhanga Deshbandhu High School. Water filter cum cooler has been donated to this school and is used daily by majority of the students.
- There are about 650 students in this co-education school studying from 5<sup>th</sup> to 12<sup>th</sup> standard. School academic books have also been distributed in this School. Students from nearby 10 small villages attend this particular school.
- The Head Master of the School has requested for CSR funding for constructing a new dining hall, school benches, table & chairs for school teachers. This may be considered.

**c) Joypur S.T. & S.C School:**

- We visited this school on 21.3.2023. This school has been provided with Water filter cum cooler. The same is under use and majority of the students have been using the same daily.
- Students from 10 smaller villages from the nearby areas attend this school. Most of the students are from scheduled castes or scheduled tribe community.
- We met officials of the school and they have expressed grateful thanks to BRBNMPL for this support under CSR funding.
- The project has been completed successfully with positive impact on the health of the children in general. Water borne diseases have gone down with the result their health conditions have improved.
- SROI for this is calculated at 1.82 which is rated as Very Good.

- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 3, 4 & 6 - Establish Good Health and Well-being, Quality Education and Improved availability of Drinking Water.
  - Very useful and need based particularly for children from rural areas.
  - Reduction in water borne diseases

----	--	--------------------

- Bore wells in 5 identified schools have been done. Out of this we selected two schools for our field visit viz. Nengtisole Primary School and Bankibundh Primary School.
- We visited this project at Nengtisole Primary School on 14.3.2023.
- The borewell is in a working condition and the 33 students from 1<sup>st</sup> to 4<sup>th</sup> standard, school staff as well as 100 villagers are making use of this bore well.
- We also visited Bankibundh Primary School on 14.3.2023.
- The School has 120 students who use water from this bore well. Village households have piped water at each home.
- Both these bore wells are in working condition and are of help to the respective schools.
- This project is successfully completed, is need based and also useful to the school children in particular and some villagers from the nearby villages.
- SROI for this is calculated at 1.48 and can be rated as Good.
- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 3, 4 & 6 - Establish Good Health and Well-being, Quality Education and Improved availability of Drinking Water.

5.	To provide health care services by running mobile medical unit / allopathic medical camps/homeopathic clinics at nearby villages – i) Homeopathic & Allopathic Camps ii) Medicines for Allopathic & Homeopathic camps	Rs.16.83 Lakhs
----	--	----------------

- We visited this project site on 16.3.2023 and met Dr. Kartik Mahato who is the Co-ordinator of this Project. BRBNMPL has providing funds for the purpose of organizing homeopathic and allopathic medical camps for needy & poor villagers at free of cost. The project is on-going.
- Homeopathy health camps are held on every Tuesday in the morning between 8 am to 11 am once a week. About 40 to 50 patients do visit on each day and take free medical advice and treatment.
- Allopathy camps are conducted by Greenview, a healthcare NGO operating in the area. These camps are organized every Sunday for one hour in the afternoon hours. About 50 to 60 patients do take advantage of these camps regularly at free of cost.

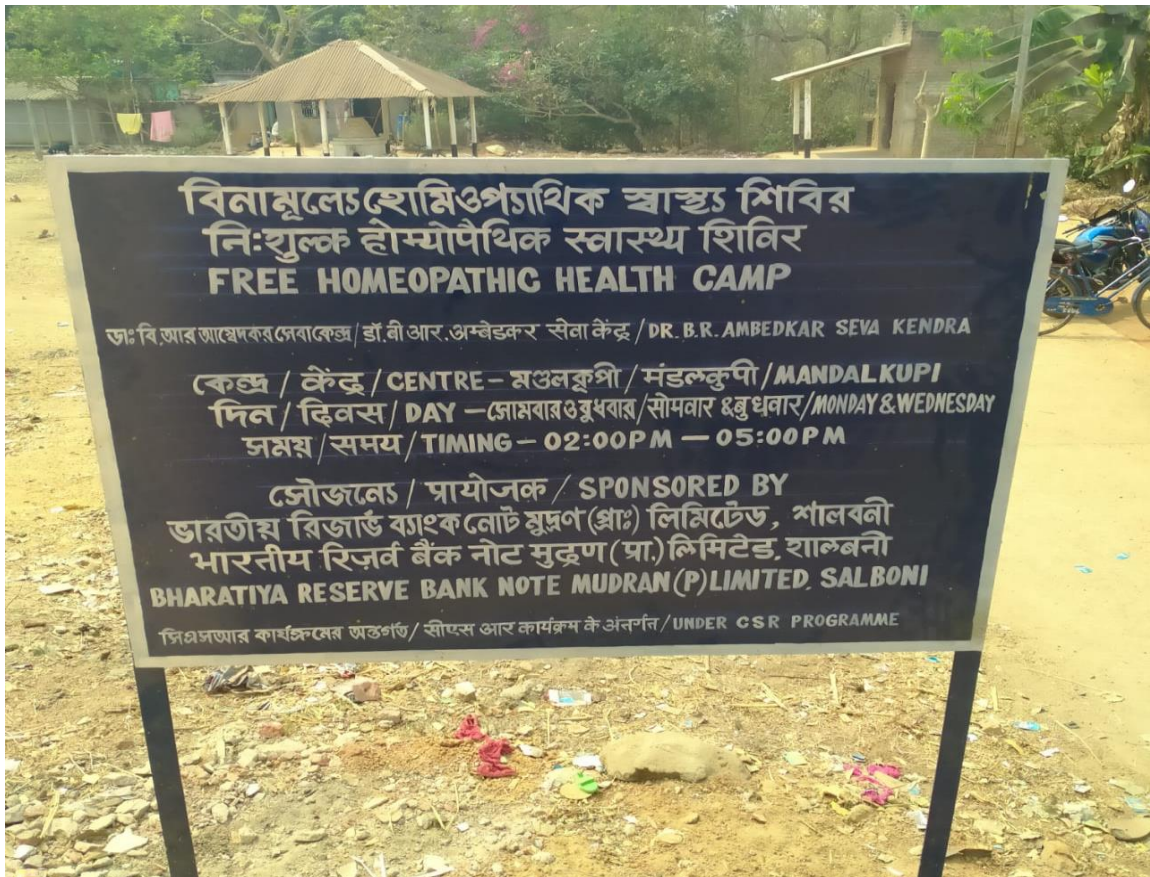

- Both these camps are organized by SC/ST Welfare Organization in Homeopathy and Greenview is organizing Allopathy camps every week as mentioned above.
- The project is need based and for the benefit of needy & poor and eligible for CSR funding. However, its sustainability needs to be continued. Such programs should be taken at least for 3 years minimum so as to have meaningful positive impact on the health conditions of the rural poor.
- We also visited Pachakurja Homeopathy Centre on 13.3.2023 and met Dr. Anna Bisai. These camps are organized once a week and 45-50 patients take advantage of this free medical facility.
- We also visited Mandalkpi Health Centre on 13.3.2023 and met Dr. Angshaman Mondal. Homeopathy camps are organized 4 days in a week in the afternoon hours. About 40-50 patients do visit the centre for free medical treatment. The patients come from 8 nearby villages.
- SROI of such programs is always higher as it shows very good positive impact for a long time by improving health conditions of the beneficiaries. The SROI of this project is thus assessed at 2.87 which can be rated as Excellent.
- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 3, 4 & 6 - Establish Good Health and Well-being
  - Very useful and need based particularly for the citizens from rural areas.

7.	Donating Yag Laser & SLT Combo Machine for eye laser operations to i) Shree Sharda Ashram (Mayer Bari), Midnapore ii) Ramkrishna Mission Sevashram, Garbeta	Rs.31.36 Lakhs
----	---	-------------------

- We visited this project of Ramkrishna Mission Sevashram, Garbeta on 20.3.2023. We met Swami Gaurangananda. He was very cooperative and provided with all the relevant information and documents. The Trust has valid CSR 1 number and also submitted a copy of their audited financial statement of accounts. LIC of India has also given funding to this institution for some other CSR project.
- BRBNMPL has provided a Laser Machine for eye care and treatment. Every month about 45-50 patients do take advantage of this medical treatment which is available to outside patients at absolutely subsidized cost of Rs.100 per visit and for treatment Rs.500/- or so which is otherwise expenses in a private eye care centre. A few needy & poor patients are treated free of cost.
- The project is need based for the needy & poor. The SROI for this project is calculated at 1.68 which can be rated as Good.

- **Compliance to SDG with the Outcome of the Project:**

- Comply with SDG No. 3 - Establish Good Health and Well-being
- Very useful and need based particularly for senior citizens and eye corrective surgery patients from rural areas.

8.	<p>Construction of toilets in different Schools/Villages:</p> <p>i) Salboni HS, Bhangabandh HS, Arabari Primary School</p> <p>ii) Mandalkupi Primary School, Bhimpore Santal HS, Debgram Mahadeb HS, Toria HS</p> <p>iii) Ramkrishna Mission School Garbeta</p>	Rs.36.21 lakhs
----	---	----------------

- There are in all 8 schools funded under this project for construction of toilets. Out of this we visited 4 schools. Toria H.S. School was visited on 20.3.2023. We met Mr. Utpal Gune, Head Master of the School.
- This School has 1200 students between 5<sup>th</sup> to 12<sup>th</sup> standard. Toilets have been constructed for girl students and 600 girls are making use of these toilets daily.
- In addition to this 30 benches in the classrooms and books have also been provided to the students free of cost. The project is completed but a formal handing over program was not organized.
- SROI for this project is 1.45 which is Good
- Our team visited Salboni High School on 14.3.2023 and met Mr. Sudhanshu Sekhar Baig. Instead of modifying the existing old toilet building, the CSR team has

constructed the new toilet building with good infrastructure. The school management has not demolished the old toilet building and the new toilet building is not put in use. BRBNMPL should inform the school management to start using the new toilet building for their betterment.

- We visited Bhangnandh High School on 16.3.2023 and met Mr. Avay Kumar Dan, Headmaster of the School. There are 425 students studying between 5<sup>th</sup> to 12<sup>th</sup> standard. Text books have been distributed for the first year. 30 benches have also been provided in the classrooms and they are under use. In addition Toilet is also constructed for girl students and the new toilet is under use. The old toilet is no longer used.
- The Headmaster of the School has requested for construction of Library Room and also provide them with Solar Submersible Pump. This may be considered.
- SROI for this school project is calculated at 1.43 since the toilets are being in use.
- We visited Mandalkupi Primary School on 13.3.2023. We met Mrs. Mita Ghosh, Teacher in Charge. This school has 106 students of pre-primary standard coming from 5 nearby villages and 3 classrooms constructed by BRBNMPL in the year 2019.
- The issue of proper utilisation, safe keeping and maintenance of the toilet utilisation be taken up with the management of the School and the beneficiaries.
- The School has requested support for construction of additional class rooms. This request may be considered.
- SROI for this is calculated at 1.28 which can be rated as satisfactory.
- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 3, 4 & 6 - Establish Good Health and Well-being, Quality Education and Improved availability of Sanitation in Schools.

- We visited this project on 17.3.2023 along with the BRBNMPL team. We met Mrs. Medhabi Nayak, Principal of the Institution. During our visit we received very good cooperation from her and the concerned staff of the institution.
- Maa Sarada Krishi Vigyan Mandir has valid CSR 1 number and as such eligible for receiving CSR funding. In future this must be ensured in all projects where BRBNMPL is doing CSR funding from F.Y. 2023-24 and onwards.
- Two students of the institution Ms. Moomita Naik and Mitalee Mahato have received scholarship. In addition academic books have also been provided

to all the students for their respective skill development project. They have also completed their skill development training in tailoring. They are waiting for results before applying for the job opportunities.

- In all there are 154 beneficiaries of this skill development program. They all have been selected from 10 nearby villages. This program is specifically designed and developed for differently abled children, women and elderly citizens.
- This is a carry forward project from the last year and has been continued during this year also.
- They institution has put in a request for supporting and funding salaries of about 14 additional teachers, food, lodging & board facility of additional students and also appointment of Hostel Supervisor cum Manager for this Skill Development Centre.
- The project is being completed successfully and therefore is continued. However, any project can be funded generally up to 3 years and 1 more year in exceptional situation with the permission of the Board of the Company. This point may be kept in mind for all long term projects and this project in particular.
- The project is implemented successfully and has helped in getting employment to some of the differently abled participants.
- The SROI is assessed at 1.83 considering employment to some participants.
- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 1, 5, 8 & 10 - Eliminate Poverty, Gender Equality, Create Decent Work & Economic Growth and Reduce Inequality.

Rs.4.99  Lakhs

- We visited this project on 13.3.2023 and met Mr. Tapas Ghosh, Senior Official from BDO Salboni. At the outset he expressed sincere thanks to the donor company for their generous support.
- Under this project gymnasium equipment have been donated in the recreation centre developed by BRBNMPL in the year 2018-19. This is a very good project which promotes and takes care of the general health and recreation facilities for the promotion and preservation of art & culture.
- The gym is usually open in the morning from 6.30 am to 9.30 am and 5.00 pm to 7.00 pm in the evening. There in all 60-70 youth who take advantage of this facility and 30 of them come to gym on regular and daily basis. One health instructor is also appointed to guide the youth.
- Weights and matting on the floor should also have been provided for better usage. The gym facility is open to all at free of cost.
- The project is successfully completed and is in working condition. This qualifies for CSR funding and comes under healthcare as well as youth.
- Project completion and handing over ceremony could have been done to help building brand image of BRBNMPL.
- The project SROI is calculated at 2.21 which is rated as Very Good as it has long health benefit to the community and the youth in particular.
- **Compliance to SDG with the Outcome of the Project:**
  - Comply with SDG No. 3 & 4 - Establish Good Health and Well-being, Quality Education
  - Encouragement and promotion of sports as per Schedule VII
  - Very useful and need based particularly for children from rural areas.

- We have visited as many as 12 project sites between 15.3.2023 to 22.3.2023. We received very good cooperation from the respective project officials.
- Under this project bicycle stands, books, construction of mid-day deal halls and toilets have been done at various schools in the nearby villages.

- Project at all the locations has been completed successfully. In all the schools these facilities are used on daily basis and are well maintained by the respective schools.
- Cycle stand at Khairullachak. Netaji School is behind building of the school as such very few students are making use of this. Such cases may be avoided in future.
- At most of these schools BRBNMPL has carried out some project or the other. In addition to this the schools have requested for support for some of their needs and those may be considered wherever possible.
- The issue of proper utilisation, safe keeping and maintenance of the toilet block utilisation be taken up with the management of the School / beneficiaries.
- The school wise details of the projects need to be maintained properly and proper documentation like date of commencement, date of completion, handing over etc. need to be kept updated from time to time.
- The projects have partial success and as such SROI has been calculated at 1.33 which can be rated as Good.
- **Compliance to SDG with the Outcome of the Project:**

## 7. Conclusions & Recommendations:

- All the CSR projects carried out by Salboni Plant during FY 202-21 are eligible for CSR funding as per Schedule VII of Companies Act, 2013.
- All the projects have been successfully completed and majority of the projects implemented are need based and are being used regularly by the beneficiaries. It has also improved their living conditions to the extent possible.
- If the project fails to deliver change it is a joint responsibility of CSR Donor Company as well as the beneficiaries or the institution. In case of failure of projects responsibility be fixed suitably from both the ends to avoid any failure cases in future.
- As far as possible involve Gram Panchayat and the local community to develop public toilets and also in its security and maintenance for the benefit of the community.
- All skill development or vocational development project should make positive impact by way getting some regular income by way of job work or work contract on regular basis. If this does not happen then in such a case the skill development is treated as failure. In all such projects care should be taken that the skills are short in supply and after training the concerned student beneficiary is able to get regular income.
- Before granting further donation to the NGO or the institution BRBNMPL should take if the earlier CSR funding has been useful to the beneficiaries or the community and are in good condition and put to use. If that does not happen further funding may be stopped.
- We recommend need assessment or a baseline survey be undertaken to know the requirements of the community or the village where CSR project is decided to be implemented. At the moment this is not being done at BRBNMPL. This would improve impact of the CSR projects to a far greater extent.
- Formal inauguration and handing over may be done wherever possible to help brand building and adequate local publicity may also be ensured to strengthen BRBNMPL brand in the community as a socially responsible organization.

- The frequent transfers of the CSR officials also affect succession, link to the project and the maintenance and updating of the data from time to time. A SOP may developed for this purpose.
- In addition we also recommend a formal CSR training to the team is required to ensure effective working of the CSR projects in future. This is also essential considering CSR being more compliance driven with disclosure of the impact assessment on public domain.
- We thank the entire CSR team of BRBNMPL at Bangalore HO and respective plants at Mysuru and Salboni for their support and cooperation during our visit to various CSR projects.
- We also congratulate & acknowledge their dedication and hard work and also doing some of the projects highly successful in the journey towards social development through CSR.
